LA FOLIE DU DAHU EXPLOR GAMES®

IN MORZINE, SOMETHING STRANGE IS HAPPENING IN THE MOUNTAINS...

For the past few days, unusual traps have been discovered in the heart of nature. Hidden in forests or alpine pastures, these mysterious devices are as unusual as they are unexplained, puzzling, intriguing, and even worrying. Someone is apparently hiding something... or trying to trap a living being. Beyond a well-kept secret, one question is on everyone's lips: who is behind all this... and why? Some even whisper about the possible capture of a mythical Alpine creature: the Dahu.

A LIFE-SIZE IMMERSIVE ADVENTURE

To shed light on the situation, you are called upon by Emma, a forest ranger. With a tablet in hand, you explore the trails in search of clues, question locals, analyse the environment, and solve puzzles... all part of a large-scale investigation where every detail matters. But be careful: misleading leads, dead ends, and colourful characters may well throw you off track, and the truth could easily slip away. An experience to enjoy with friends or family, halfway between an adventure game, a treasure hunt, and an escape game, La Folie du Dahu promises a whole new way to experience the mountains. A fun and interactive immersion between reality and legend... where the game intensifies the experience and the legend of the Dahu leads visitors off the beaten path at every step.
